Forecast for Monday 03 Jul 2023

Weather: Bright spells on Monday with further showers. The showers most frequent in west with a few heavy showers in afternoon and a very small risk of thunder.

Chance of cloud-free hill tops above 800m: 70%.

Low Cloud and visibility: Generally very good visibility with occasional cloud above about 700 to 800m and a canopy of higher level cloud. Brief interruptions to poorer visibility as showers pass by and clouds lower down the hills.

**Level above which ground is expected to be frozen/snow is expected to settle.*

Met Office Aberdeen Meteorologist's View
Strong, gusty winds will continue to make walking difficult over higher ridges and summits where it will feel bitterly cold.

Forecast for Tuesday 04 Jul 2023
Weather: Mostly cloudy a lot of showers or even some longer spells of rain. The showers will become heavy at times in the afternoon, possibly thundery, especially across the Trossachs.

Maximum wind: Much lighter winds at all levels. Generally northwesterly winds with average speeds on the tops of only 10 to15mph.

Chance of cloud-free hill tops above 800m: 40%.

Low Cloud and visibility: Away from showers, the visibility will be good with fairly extensive cloud cover above about 700 to 800m. Misty conditions in rain with patches of poor visibility as heavy showers pass by with clouds lower down the hills.

Temperature: **Glens:** Plus 7 Celsius rising to 15 Celsius.
At 800m: Plus 8 Celsius.
Freezing level: Above the summits.
